

Judge Bare  
Dept. 32

Dear Judge Bare,

[REDACTED] juror # 7. I wanted to thank you for the knowledge and experience I received serving as a juror in your court. I learned so very much about our justice system and what is involved, even though I realize it is a small chapter of a very large book. Your expertise and caring that the jury was informed at all time is beyond reproach. This also includes your staff and Marshall, Dominique.
